

## You Are The One

You are the one who did it for me

All the beauty around, it was you who made me see

The true one who wiped the stain off my tee

And came to my aid when I had a broken knee

You're the one that got me inspired

It was only you who stopped me from getting tired

Who else but you assisted, when self doubts enquired

And helped me to my feet, but when I was mired

You're the one who saved me from getting faded

Besides pushed me through hard when I was jaded

Every moment when from within I was feeling decimated

It was simply your peice that got me escalated

You're the one that dived and brought me afloat

Right at the time I was sinking with the boat

The angel in you obliged to be my scapegoat

No other but you got me started every dawn with a quote

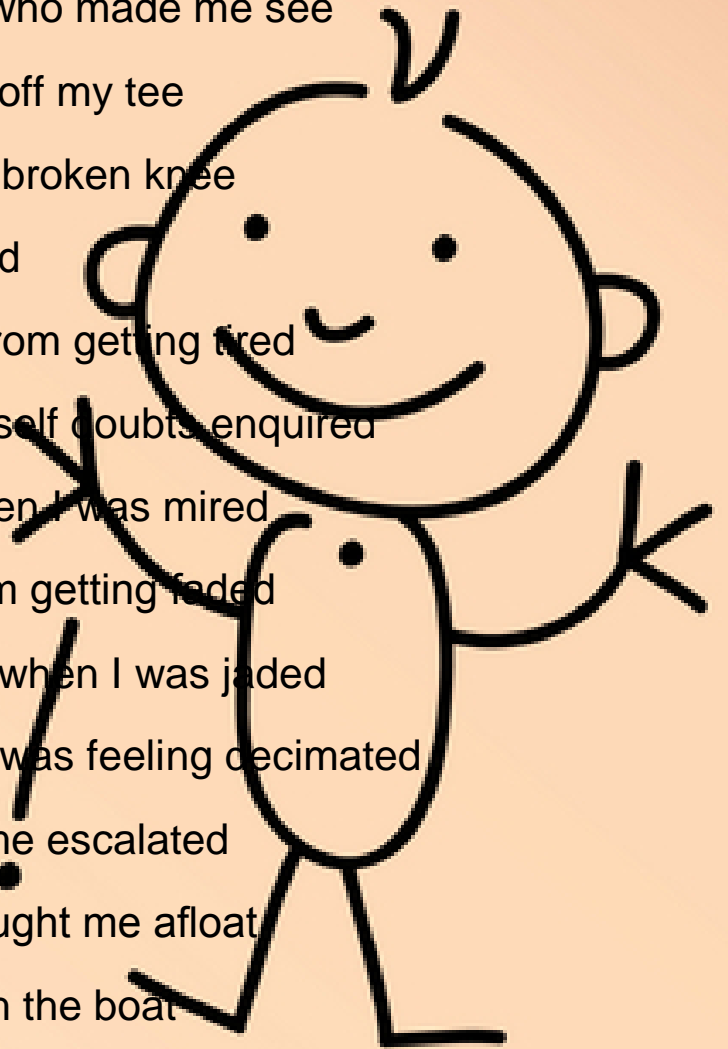

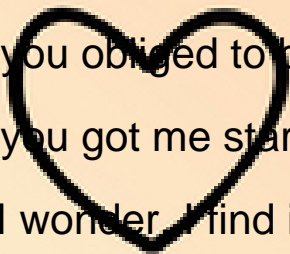

And here as I wonder, I find it just to say

It was only when I didn't believe in you that I had to pay

For now as I stand, I realize and must may

You're the holy one I saw in the mirror everyday

I  
love  
myself!

"Self-help is the best help.

Great things always happen from the inside."
