

The Car Race !

I'm happy, how you are?

I'm happy as we brought a new car.

I'm not happy only today,

But I'm happy every day.

The car is having super space,

I will also take it to the race.

I'll win the race and rock the day,

But first of all we'll need to find the way.

To win the race I found away,

There's nothing left for opponents to say.

My car is running,” zoo, zoo!”

I won the race,' Yahoo!"
